SNS laminates digital handbook guide

01

Use the buttons on the content page to quickly navigate to the collection you desire. Tap the back button to return to the contents page.

02

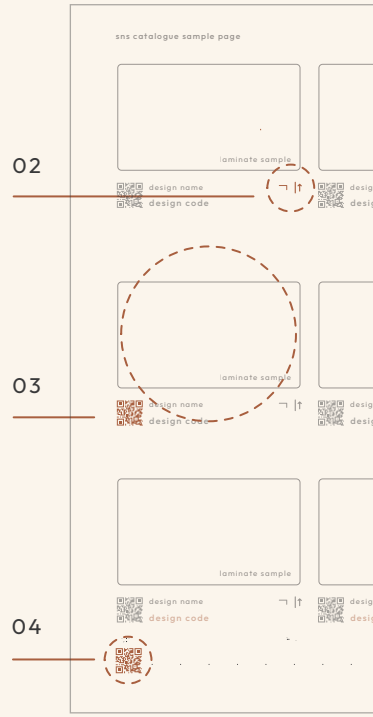

The icons beside each design name represent its unique properties. Refer to the legend on the back of the cover page.

03

Click on the laminate to view full product specifications and download the full-size laminate.

04

Click on the QR code to view A4 designs of each page, and print them to understand the pattern/grain proportion (not for color reference).

05

Got a code in mind? Flip to page 62, where all our laminate codes are listed in ascending order. Use it to locate the exact page and row of your chosen design! Prefer a faster way? Simply press Ctrl + F on your keyboard to open the search function. Enter your product code, and you'll be brought to the exact match.

a greener path for a more sustainable laminates industry

On top of choosing SNS for our greener sourcing processes, here's how you can help us reduce waste.

01 Use this handbook to find the laminate that speaks to your space. Browse, get inspired, and pick the design that feels just right.

02 Wondering how the full grains look? Scan the QR codes below the laminates, or check out the A4 printable-scaled designs at the corner.

03 Curious to see it up close? Book a viewing for larger samples or request for samples through the QR code below.

04 Let's reduce waste together! Return this catalogue and any samples to the SNS Safespaces showroom or check with us for other drop-off spots.

care tips for sustaining beautiful surfaces

Gentle Cleaning:
Maintain the allure of SNS Laminates with ease—simply use a non-abrasive damp cloth or sponge paired with a mild soap or detergent. For persistent stains like coffee or tea, a mild household cleaner is recommended. Do not use abrasive cleaners.

Tackling Stubborn Stains:
Should stubborn stains persist, employ undiluted household bleach or nail polish remover. Apply with a saturated cotton ball, gently rubbing the stain for up to two minutes. Rinse thoroughly with warm water and pat dry with a soft cloth. Repeat if necessary, ensuring no laminate color transfers to the cloth.

Mindful Exposure:
Shield your surfaces from prolonged exposure to temperatures exceeding 60°C or direct sunlight, as this may lead to discoloration and surface damage. Avoid exposing laminates to open flames.

Preservation Techniques:
Refrain from sanding, lacquering, or refinishing your laminate surfaces to ensure their lasting luster.

Handle with Care:
Exercise caution with sharp or pointed objects that carry concentrated weight to preserve the integrity of your laminate surfaces.

what makes us safe

Celebrating another decade of service with you.

SNS Laminates conforms to the antimicrobial grade,

JIS Z 2801:2010 and ISO 22196:2011.
SNS Laminates conforms to the 4 ticks low emission grade specified by SGBP.

Leading with 4 Ticks:
Certified Sustainable

SNS Laminates proudly achieves the coveted 4 Ticks rating, the highest possible recognition under the Singapore Green Building Product (SGBP) labeling scheme. As trailblazers in fostering environmental consciousness, our laminates are manufactured through rigorous processes, reflecting a holistic commitment to environmental sustainability. With minimal toxic content and low volatile organic compound (VOC) emissions, our products prioritize the well-being of end-users, particularly families with young children.
Aligned with the Building and Construction Authority's (BCA) Green Mark Scheme, the SGBP label allows certified products, especially those with superior ratings, to contribute towards a project's overall sustainability rating. Our knowledgeable staff are available to provide detailed insights on how our products can assist in earning valuable points under the Green Mark Scheme.
Opting for our products over conventional laminates not only safeguards the health of your loved ones but also contributes to the broader cause of preserving our environment. Choose SNS Laminates for a blend of style, safety, quality, sustainability, and a lasting positive impact.

Safer with SNS laminates and our manufacturers

Disclaimer

The samples featured in this catalogue may exhibit slight tone variations from the actual delivered product, and similar variations may exist between different batches of orders. While SNS has taken utmost care to ensure accuracy, SNS absolves itself of any responsibility for claims arising from catalogue errors. To preempt color discrepancies and disputes, clients are urged to contact SNS representatives for a sample piece before placing a batch order.
SNS warrants that SNS Laminates are delivered reasonably free of defects and conform to normal, proper intended usage. Clients are strongly advised to inspect products for noticeable defects before installation. In the event of an intrinsic defect unrelated to mishandling or misuse, SNS's liability is limited to the replacement of the HPL. If the original choice is unavailable, SNS reserves the right to recommend a replacement product of equivalent value.

Buyer Assurance Protocol

We strongly recommend all customers to verify their SNS Laminates purchase. For added confidence, don't hesitate to request a sample from our representatives or any interior designer; this serves as a tangible reference for comparison with your finalized carpentry work post-installation. Please note that SNS Laminate samples bear an indelible mark of the SNS logo, ensuring authenticity. If any uncertainties arise, feel free to reach out to us for prompt assistance and clarification.
