## CRAFTING CONNECTIONS

Design influence transcends what is visible to the eyes. It changes the way our bodies move, the words we speak, and possesses the profound ability to connect hearts. Our desire to harness this potential to weave the tapestry of human relationships within a space through your creative aspirations guided the curation of our Array. At SNS, we craft environments that foster lasting connections and embody a vision for a better tomorrow.

### QR CODES TO LAMINATES IN A4 PAGES

Scan to view and print A4-sized pages with proportionately fitted laminates. Designed for you to estimate grain proportions within the comforts of your home.

Renowned developmental psychologist and professor, Alison Gopnik's parenting philosophy contrasts a "carpenter," who plans outcomes like crafting furniture with pieces of timber, with a "gardener," nurturing organic growth. The "gardener" style taps into **NATURE**, creates a supportive environment, values uniqueness, emphasizes empathy, adaptability, and understanding for children to naturally flourish into their authentic selves.

Research shows human brains are most elastic in the first two decades of life. **STRETCH** a child's abilities by encouraging exposure to varied experiences. Allow children to experience failures and overcome challenges while only supporting their emotions on the sideline.

Elevate expansive interiors with **STRETCH**, designed for grandeur. Seamless carpentry can extend gracefully up to 3.05m, eliminating the need for extra joints. Redefine your space with sophistication.

## **BOOKMATCHED MARBLES**

Bookmatched marble instills a harmonious balance within the environment, imparting a sophisticated allure to focal points in interior spaces.

Jazz Grecian Marble laminate, meticulously crafted to a genuine marble-like shine, offers a sustainable alternative to natural slabs. Its white core ensures inconspicuous joints, elevating the space's aesthetic appeal.

## SNS YES!SPACE PHILOSOPHY

In the spaces we inhabit, where life unfolds, safety and well-being take center stage. Our laminates are artfully crafted—non-toxic, emissions-free, and antimicrobial.

Beyond resilience to mess, they spark creativity with doodle-friendly, play-ready surfaces. Construct spaces that say 'Yes' to our children, fostering confident, life-loving individuals.

## MATERIAL INFORMATION

SNS Laminates conforms to the antimicrobial grade, JIS Z 2801:2010 and ISO 22196:2011.  
SNS Laminates conforms to the 4 ticks low emission grade specified by SGBP.

## LEADING WITH 4 TICKS: CERTIFIED SUSTAINABLE

SNS Laminates proudly achieves the coveted 4 Ticks rating, the highest possible recognition under the Singapore Green Building Product (SGBP) labeling scheme. As trailblazers in fostering environmental consciousness, our laminates are manufactured through rigorous processes, reflecting a holistic commitment to environmental sustainability. With minimal toxic content and low volatile organic compound (VOC) emissions, our products prioritize the well-being of end-users, particularly families with young children. Aligned with the Building and Construction Authority's (BCA) Green Mark Scheme, the SGBP label allows certified products, especially those with superior ratings, to contribute towards a project's overall sustainability rating. Our knowledgeable staff are available to provide detailed insights on how our products can assist in earning valuable points under the Green Mark Scheme. Opting for our products over conventional laminates not only safeguards the health of your loved ones but also contributes to the broader cause of preserving our environment. Choose SNS Laminates for a blend of style, safety, quality, sustainability, and a lasting positive impact.

Cert No.: SGBP 4686

## CARE TIPS FOR SUSTAINING TIMELESS ELEGANCE

**Gentle Cleaning:**  
Maintain the allure of SNS Laminates with ease—simply use a non-abrasive damp cloth or sponge paired with a mild soap or detergent. For persistent stains like coffee or tea, a mild household cleaner is recommended. Do not use abrasive cleaners.

**Tackling Stubborn Stains:**  
Should stubborn stains persist, employ undiluted household bleach or nail polish remover. Apply with a saturated cotton ball, gently rubbing the stain for up to two minutes. Rinse thoroughly with warm water and pat dry with a soft cloth. Repeat if necessary, ensuring no laminate color transfers to the cloth.

**Mindful Exposure:**  
Shield your surfaces from prolonged exposure to temperatures exceeding 60°C or direct sunlight, as this may lead to discoloration and surface damage. Avoid exposing laminates to open flames.

**Preservation Techniques:**  
Refrain from sanding, lacquering, or refinishing your laminate surfaces to ensure their lasting luster.  
**Handle with Care:** Exercise caution with sharp or pointed objects that carry concentrated weight to preserve the integrity of your laminate surfaces.

## BUYER ASSURANCE PROTOCOL

We strongly recommend all customers to verify their SNS Laminates purchase. For added confidence, don't hesitate to request a sample from our representatives or any interior designer; this serves as a tangible reference for comparison with your finalized carpentry work post-installation. Please note that SNS Laminate samples bear an indelible mark of the SNS logo, ensuring authenticity. If any uncertainties arise, feel free to reach out to us for prompt assistance and clarification.

## DISCLAIMER

The samples featured in this catalogue may exhibit slight tone variations from the actual delivered product, and similar variations may exist between different batches of orders. While SNS has taken utmost care to ensure accuracy, SNS absolves itself of any responsibility for claims arising from catalogue errors. To preempt color discrepancies and disputes, clients are urged to contact SNS representatives for a sample piece before placing a batch order. SNS warrants that SNS Laminates are delivered reasonably free of defects and conform to normal, proper intended usage. Clients are strongly advised to inspect products for noticeable defects before installation. In the event of an intrinsic defect unrelated to mishandling or misuse, SNS's liability is limited to the replacement of the HPL. If the original choice is unavailable, SNS reserves the right to recommend a replacement product of equivalent value.
